Lamp Compatibility List

Metrolight CompactHID™ and SmartHID™ Electronic Ballasts

This document lists the lamps that have been tested and approved by Metrolight as compatible with our CompactHID™ and SmartHID™ Electronic Ballasts. Metrolight is constantly testing new lamps for compatibility with the Electronic Ballast. For the latest list of approved lamps, please visit our website, www.metrolight.com. For additional help, or for information about a lamp that is not listed here, please contact Metrolight customer support.

Please Note:

1. Only lamps that have been approved by Metrolight should be used with the Smart Electronic Ballasts.
2. Using lamps that have not been approved or recommended by Metrolight might void the ballast warranty.
3. Metrolight warrants the ballast performance when used with the lamps listed in this document but does not warrant the lamp itself.
4. Metrolight warrants the ballast performance when used with the lamps approved by lamp manufacturers. The lamp performance is warranted by the lamp manufacturer.
